

EazyRESULT

A result preparing software.

Website: <http://netbit.in>
Email: netbittechnology@gmail.com

What is EazyRESULT...?

- It is a software for preparing result of students from class 1st to 10th as per CBSE latest evaluation pattern.
- Class teachers will be able to enter marks of periodic tests, notebook submission, subject enrichment etc and result will be prepared with single click.
- Note: CBSE has issued new exam pattern for class 10th only. CBSE has further instructed to follow the same pattern for class 9th also. The new pattern of evaluation, with little modification, can be used for class 6th to 8th also. CBSE has not given any direction of evaluation pattern to be used for class 1st to 5th. However, this software can be used for class 1st to 5th also if school is following evaluation pattern of class 1st to 5th similar to class 6th to 8th.

Salient Features of EazyRESULT

- **Result for Class 6-10:** It is a software which can be used for preparing result of students from class 1st to 10th as per CBSE latest evaluation pattern. Class teachers will be able to enter marks of periodic tests, notebook submission, subject enrichment etc and result will be prepared with single click.
- **Result for Class 11-12:** CBSE has not given any specific direction for class 11th and 12th. However, our team has designed evaluation pattern for class 11th and 12th which is quite similar to the lasted guidelines.
- **Result for Class 1-5:** If your school is following same pattern of evaluation in class 1-5 then you can also used this software for class 1-5. If your school has some different format of examination for class 1-5, then exclusive order can be placed to add new module in the software. New module will be added with some additional charges.
- **Report Card after Every Test/Exam:** Class teachers can generate report cards as soon as a test/exam is over and marks are entered in the software. For example, after Periodic Test-1 is over in the month of July or August, class teacher can generate report cards which can be given to students or parents.
- **Send Result by Email:** This is an excellent feature of this software. Once a test or exam is over and marks are entered, class teachers can send result of every student of his/her to their parents by email with single click. The software has built in email sending system. Class teachers do not need to remember email id and password. Software will send emails to every parent. This features can also be used to send any specific information to parents e.g. "PTA meeting for class 6-A is on 23-08-2017" or "School will remain closed on 14-09-2017" etc.

- **Import Student Data from Excel**: Basic student data like student name, admission number, class, section, mother, father, date of birth, caste, mobile, email, gender, category etc are very important. You need to type these data one by one for every student of your school. If you have student data in excel file then you need not to type. Software will automatically retrieve data from an excel file. It will save lots of your time and energy.
- **Export Data to Excel**: Whatever data class teachers are entering in the software can be exported to excel. Data exported in excel can be used for some other purpose and can be saved as backup. Student profile, marks for periodic tests, half yearly exam, annual exam, subject wise marks etc can be export to excel.
- **Marks to be Sent to CBSE**: Marks given for periodic tests [10 marks], notebook submission [05 marks] and subject enrichment [05 marks] are called internal marks [10+05+05=20 marks]. At the end CBSE will sought these marks from school for class 10. This software will generate a separate report which can be sent to CBSE on demand.
- **Customization**: School can customize the software as per their need. For example, if you want to conduct periodic test of 30 marks in class 6th and of 40 marks in class 8th, it can be done in the software. Name and sequences of subjects etc can also be changed as per need.
- **Misc Subjects**: Many schools keep some misc subject like GK, Music, Yoga, Computer, Dance, Drama, Swimming etc. School can have maximum of 3 misc subjects and marks can be entered two times in an academic year. Entered marks will be reflected in the term report cards only.
- **Report Card in Word**: This software generates report card in Microsoft Word format. All of your teachers are familiar with MS-Word therefore; working on word file will be quite easy for them.
- **A4 Paper Size**: This software uses A4 paper size [portrait or landscape] to print report cards and other reports. A4 size is a standard size and it is available easily in the market. Almost all printers use A4 size paper. A school can make report card paper more attractive by printing some water mark on the paper beforehand.

- **Multi User System**: User can be of two types: a) Admin: Admin can access all classes, settings and features and b) Class Teacher: Class teacher with their password can access their respective class only. They cannot enter or change marks of other classes.
- **Data Backup**: A computer is after all a machine and sometimes it breaks down also. Therefore, school can take backup of data from time to time can store it at safe place. In the event of any problem backup data can be restored. Taking back up and restoring data is very simple.
- **Help Menu for Every Module**: This software has been designed in such a way that a person with little compute knowledge can work on it. Most of the operation can be performed by common sense only. However, if class teachers struck at any point they can see help window with single click. Help button is placed on every module.

Evaluation Pattern for Class 9-10

SN	Features	Yes/No	Description
1.	Total Main Subjects:	Yes	Minimum 5 and maximum 6 main subjects. E.g Hindi, English, Science, Maths, Social Science. School can choose subjects as per their need.
2.	Additional Subjects:	No	There will no additional subjects.
3.	Misc Subjects:	Yes	Minimum 0 and maximum 3 subjects. E.g. Computer, GK, Music, Dance, Swimming etc. Schools can choose misc subjects as per their need.
4.	Pass/Fail:	Yes	Students have to secure 33% marks in internal [Periodic Test, Notebook Submission and Subject Enrichments] and 33% in external [Annual Exam]. To be promoted, students have to pass in all subjects with at least 33% marks. [As per CBSE Guidelines]
5.	Half Yearly Exam:	No	There will be no half year exam for class 9-10 as per CBSE guidelines.
6.	Periodic Test:	Yes	Out of 3 periodic tests, average of best two will be taken and converted to 10. [As per CBSE Guidelines].
7.	Notebook Submission:	Yes	Class teacher can enter marks out of 5 for notebook submission. Marks can be entered once in Term-1 and second in Term-2.
8.	Subject Enrichment:	Yes	Class teacher can enter marks out of 5 for Subject Enrichment. Marks can be entered once in Term-1 and second in Term-2.
9.	Attendance:	Yes	Class teachers can enter attendance two times. First in Term-1 and second in Term-2. Percentage of attendance will be shown on report cards.
10.	Co-Scholastic:	Yes	5 point grades from A-E will be given for Work Education, Art Education, Health and Physical Education and Discipline. Grades will be given only once because there is not term pattern for class 9-10.

Evaluation Pattern for Class 6-8

SN	Features	Yes/No	Description
1.	Total Main Subjects:	Yes	Minimum 5 and maximum 6 main subjects. E.g Hindi, English, Science, Maths, Social Science. School can choose subjects as per their need.
2.	Additional Subjects:	Yes	One additional subject can be offered. Marks of additional subject will have no effect on overall result.
3.	Misc Subjects:	Yes	Minimum 0 and maximum 3 subjects. E.g. Computer, GK, Music, Dance, Swimming etc. Schools can choose misc subjects as per their need.
4.	Pass/Fail:	No	Students have to secure 33% marks in internal and 33% in external separately. However, all students, irrespective of their results, will be promoted to next higher class with following remarks: Pass: "Qualified and Promoted" Fail: "Promoted under RTE" [There is no pass/fail system for class 6-8 as per CBSE guidelines. It means child should not be detained.]
5.	Half Yearly Exam:	Yes	There will be half yearly exam for class 6-8.
6.	Periodic Test:	Yes	Software allows to take 2 Periodic Tests before half yearly exam and another 2 periodic Test before annual exam. That means total 4 periodic tests in a year. If school wants to conduct only 1 periodic test before half yearly and another before annual means total 2 periodic tests, it is possible in the software.
7.	Notebook Submission:	Yes	Class teacher can enter marks out of 5 for notebook submission. Marks can be entered once in Term-1 and second in Term-2.
8.	Subject Enrichment:	Yes	Class teacher can enter marks out of 5 for Subject Enrichment. Marks can be entered once in Term-1 and second in Term-2.
9.	Attendance:	Yes	Class teachers can enter attendance two times. First in Term-1 and second in Term-2. Percentage of attendance will be shown on

			report cards.
10.	Co-Scholastic:	Yes	3 point grades from A-C will be given for Work Education, Art Education, Health and Physical Education and Discipline. Grades can be entered two times for both terms.

Evaluation Pattern for Class 1-5

SN	Features	Yes/No	Description
			<p>All the things for class 1-5 are similar to class 6-8 mentioned above. There are only two difference as under:</p> <ul style="list-style-type: none"> • Minimum 4 and maximum 5 subjects can be taken. • There is no additional subject for class 1-5. • Misc subjects are allowed similar to class 6-8. <p>Note: If school wants to have some different pattern of evaluation for class 1-5, school can place order. Module will be developed with some additional charges.</p>

Evaluation Pattern for Class NUR, LKG & UKG

SN	Features	Yes/No	Description
			<p>Since there is no uniform pattern of NUR, LKG and UKG. Different school used different format of report cards for these pre-primary classes. Therefore, it is not possible to design a universal format. This software does not have module for NUR, LKG and UKG.</p> <p>Note: If school wants to include module in the software, it can be done with some additional charges.</p>

Evaluation Pattern for Class 11

There is no uniform pattern of evaluation for class 11. CBSE has not given any specific direction in this regards. Different schools different format of report card and result preparing methods for class 11. However, our team has designed an evaluation pattern which is quite similar to latest CBSE guidelines.

SN	Features	Yes/No	Description
1.	Total Main Subjects:	Yes	Any 5 subjects can be taken e.g. Geography, Accountancy, and Economics etc. Each student can be having different subject combination. For example in class 12 Science one student can have Hindi, English, Physics, Chemistry and Biology while another student can have English, Physics, Chemistry, Maths and Computer Science.
2.	Additional Subjects:	Yes	6 th subject will be treated as additional subject. A student can have either 5 or 6 subjects in total.
3.	Misc Subjects:	No	No misc subjects for class 11.
4.	Pass/Fail:	Yes	Students have to pass as per CBSE rules i.e they must secure 33% marks in theory and 33% marks in practical [wherever applicable] separately to pass in a subject. They must pass in all 5 subjects. If they fail in any one elective subject, marks of additional subject will be used to prepare result.
5.	Periodic Tests:	Yes	Total two periodic tests. First before half yearly exam and another before annual exam. Max. Marks of periodic test can be set by school, say 30, 40 or any marks.
6.	Half Yearly Exam:	Yes	Exam will be conducted for full marks as per CBSE. For example: <ul style="list-style-type: none"> • 100 marks for Hindi, English, Maths etc • 70+30 for Physics, Geography etc. • 80+20 for History etc. Max. Marks for theory and practical/project can be set by school as per need.
7.	Annual Exam:	Yes	Similar to half yearly exams. Theory and practical both can be conducted.
8.	Streams:	Yes	All 3 streams i.e. Science, Humanities or Arts and Commerce are there in the software.

Weightage of Marks for Final Result Preparation in Class 11

Test/Exam	Weightage
Periodic Test-1	10
Half Yearly Exam	30
Periodic Test-2	10
Annual Exam	50
Total Marks:	100

Weightage in Detail

Test/Exam	Subject without Practical	Subject with 30 Marks Practical	Subject with 20 Marks Project
Periodic Test-1	10	10	10
Periodic Test-2	10	10	10
Half Yearly [Theory]	30	21	24
Half Yearly [Practical]	--	9	6
Annual Exam [Theory]	50	35	40
Annual Exam [Practical]	--	15	10
Total	100	100	100

Example:	Hindi	Physics	History
----------	-------	---------	---------

Evaluation Pattern for Class 12

Since class 12 is board class, school does not need to provide any result to parents. Tests and exams in class 12 are conducted only see academic performance of a student. All tests / exams conducted for class 12 has no influence on final result. Keeping this in mind, our team have designed following evaluation pattern for class 12.

SN	Features	Yes/No	Description
1.	Total Main Subjects:	Yes	Any 5 subjects can be taken e.g. Geography, Accountancy, and Economics etc. Each student can be having different subject combination. For example in class 12 Science one student can have Hindi, English, Physics, Chemistry and Biology while another student can have English, Physics, Chemistry, Maths and Computer Science.
2.	Additional Subjects:	Yes	6 th subject will be treated as additional subject. A student can have either 5 or 6 subjects in total.
3.	Misc Subjects:	No	No misc subjects for class 12.
4.	Pass/Fail:	No	Pass / fail are not applicable. Only raw marks as result will be printed on report card which can be given to parents or sent to parents by email.
5.	Periodic Tests:	Yes	Maximum 5 periodic tests can be conducted in different months to see academic progress of students. Maximum marks for periodic tests will be fixed, say 30 or 40 or anything as per school need.
6.	Pre-Board Exams:	Yes	Once syllabus is covered, school can conduct maximum of 3 pre-board exams of full marks [of 100, or 80 or 70 as the case may be]
7.	Attendance:	Yes	Attendance is very important for class 12. Minimum 75% attendance is needed to appear for board exam. Parents must be informed about the attendance of their wards. Therefore, attendance has been included in every test/exam. Class teacher can inform the parents as many as 8 times about attendance which includes 5 periodic tests and 3 pre-board exams.
8.	Streams:	Yes	All 3 streams i.e. Science, Humanities or Arts and Commerce are there in the software.

Price of the Software

- Price of EazyRESUT software will be **Rs. 10,000/-** per copy for the current session 2017-18. It may increase in next academic year.
- One copy is sufficient for a school as all class teachers can work on single software.
- Full payment has to be made in advance.
- Once payment is received, registration key will be supplied to make the software full version.
- One time payment only. No annual renewal charge.
- If school wants to add some new features, or to remove some features from software, some additional charges will be applicable.
- Our existing clients will be given discount of 25%. They can avail the software in Rs. 7,500/- only.

From Where to Download

- Software will be available on our official website given below.

<http://netbit.in>

- Since software development and testing is under process, it will be available for download by 15th July 2017.
- YouTUBE video giving full demonstration will be uploaded soon.
